The fifth retreat took place from [17.01.-19.01.2008](#) in Grainau, a village in the beautiful landscape of the bavarian Alps ca. 90 km south of Munich (<http://www.grainau.de/>).

Our accomodation in Grainau was the "Seminarhaus Grainau" (<http://www.jungbauernschule.de/>). The program started with a team building workshop, which was focused on integrating the new participants, reviewing the first years of the program and renewing and phrasing the goals, we would like to achieve during the next years.

In addition we had a series of scientific talks of program members and an exalted time to discuss about the organisation of our doctorate program.

Detailed schedule:

Thursday, 17.01.2008

13.00 – 18.00 Teambuilding Workshop with Dr. Kerschreiter

18.00 Dinner

Afterwards Leisure time: Night walk around the Eibsee with torches and mulled wine (Glühwein).
